Testimonials

*Client feedback
Clyde and Leslie Bevan*

*Friends Restaurant
Little Black Dress has performed at our restaurant on many occasions. Each time to sell out performances. They bring the house down and get people dancing wherever they can! Their joy in performing flows through to the guests and everyone has a wonderful time. We receive rave reviews from guests - a number of whom have come along every time they perform. Not only do our customers enjoy their performances, but also both of us. We look forward to them coming back!*

*Cheri Gardiner
Cheri Gardiner & Associates*

Little Black Dress gave a great performance. The organisers were thrilled to bits and they had fantastic feedback from the audience and participants. Thank you so much for such a high-class, professional showing.

*Tracey Bradshaw
Sovereign Homes*

I'd heard that Little Black Dress were a great group but when I finally heard them live I was amazed by their vocal talent. These girls can really sing! I don't know of any other all-girl group in Perth who can match them.

*Niall Warren
North Cottesloe Surf Lifesaving Club*

On behalf of the club I would like to thank Little Black Dress for driving what was a very memorable evening. Feedback has been fantastic and without exception everyone has commented on how Little Black Dress really made the night. The superlatives are too many to list, however, one of our more erudite blokes summed it up best as he sat mesmerised by the band and mused quite audibly..."I'm in love."

*Linda Mead
Cointreau Ball*

I would like to thank Little Black Dress for such a great performance. The positive feedback hasn't stopped coming in and many of the guests have commented on how they really made the night.

*Lara Standen
Oceaunus Restaurant*

Little Black Dress put on a fantastic performance. We thoroughly enjoyed the show and our guests did too. We look forward to having them back.

Testimonials

16th May, 2006

To Rockafellas

Dear Steve and Stuart,

Thanks for making our 'Ladies Only' Night such a huge success last Saturday night. The great music you played certainly kept all the women up dancing all night and all the dancing made them very thirsty which was great for our bar sales.

Many thanks also for being our M.C. and judges for the night also, you really kept the night going.

We would have been up the creek if you two hadn't taken on that role for us.

Feel free to pass on my email address or mobile number if anyone would like to speak to us personally for a reference.

See you in September for our AFL Grand Final day.

Will be in touch.

Regards,

Vikki.

Testimonials

G'day Steve,
 We had an absolute hoot last thanks to you guys. Everyone was talking about you this morning saying what a broad spectrum of songs you had in your repertoire and how well you played and sang.
 It was very interesting to see so many members up on the dance floor....almost continually! Even those who don't normally dance when we have functions seemed to come out of the woodwork and strut their stuff! And we're not even a dance club!!
 Don't worry guys, you will certainly receive our strongest recommendations. I will also email the attachments you sent to members for them to pass on.
 Many thanks again and we look forward to catching up sometime in the future.
 May I just add that the price you charged was an affordable price for a club our size. I'm sure there may be other gigs where you could charge more however it worked out an affordable price for a club our size. Had it been more we probably would have gone to a DJ spinning CD's which just wouldn't have had anywhere near the same impact as your live performance.
 I guess what I'm trying to say is try and keep the price about the same if you can....until of course you turn to the international scene and gigs for the likes of Club Virago pail into insignificance!!!.
 If you ever need a 'performance reference' for a potential client, please don't hesitate passing on my contact details to them.
 Best regards and thanks again.
