James & Chris

These two Australian renowned musicians have come together to perform as an acoustic duo. With amazing harmonies, and guitar prowess, these guys stand apart as a moment to be remembered at your special event.

Chris, pictured below, is best known to the nation for his electrifying performance of 'Evie (part 1)' on " Australian Idol " 2006. Marcia Hines noted that it was "One of the most exciting performances we've ever seen on that stage " and Mark Holden awarded it a 'Touchdown'!

Chris Murphy is one of Perth's most prominent solo performers. An acoustic guitar, an amazing voice and a sense of humour are the only tools Chris calls on to deliver a riveting show. Such performances have led to his recent inclusion on the " Kevin Bloody Wilson live in the UK & Ireland 2004 " tour, which brought about many accolades for his musical and vocal proficiency.

A professional musician with 12 years experience, 3 original album releases, national TV appearances and numerous song writing awards under his belt, Chris Murphy delights audiences from all walks of life whenever and wherever he plays.
