Duncan Mackintosh Testimonials

" Just a quick note to express our appreciation for the great music which you put together and performed so well at our wedding. We loved your acoustic rendition of our favourite songs, which set a fitting atmosphere for the moment. The guests really enjoyed it too - we had several of our family and friends comment on how well you sang and played and how appropriate the music was. Thank you again for helping make our day absolutely perfect."

Peter and Karen Petrovsky

"I thought your demo was amazing and exactly what we are looking for."

Natasha Eastman

" Planning the entertainment, or any part of your wedding, is a delicate task; it has to be perfect, and Duncan contributed to it being exactly that! Whilst we were already fan's of Duncan's, watching him play around various Perth venues, his music knowledge, ability and creativity facilitated a beautiful and unique rendition of the songs we had chosen for him to play at the church, for the entry of the bride and the exit of the bridal party. We have no hesitation in recommending Duncan to play at your special day, or in fact any occasion requiring live acoustic entertainment, we certainly will be"
