

Prita Grealy

'Well travelled music saturated in Soul' Playful Western Australian singer-songwriter Prita delivers a show with finger-picking delicate folk melodies to bluesy ballads, and jazzy tunes with a voice like Norah Jones and Tracy Chapman. With the recent addition of a loop pedal, Prita layers up harmonies live... Sit back, relax and enjoy the velvety tones...

With a 'beautiful voice' and 'catchy songs' Prita can charm any crowd. From busking the streets of Soho, NYC to opening Oz concert Perth in front of 5000 people. Prita is at home on stage,

whether big or small, she exudes joy and playfulness and sings her melodic heart out.

Her catchy melodies and soulful songwriting has seen Prita play folk festivals from Fairbridge to Port Fairy. With some Jazz vocal training and classical guitar beginnings her style is defined by folk storytelling, jazz scatting, and powerful earthy blues.
