

ABBACADABRA

Abba set the mood for the glamour of the 70's and it was in Australia that ABBA achieved their biggest success. Jaye & Karina are without doubt two of Perth's most experienced female vocalists. Karina can also be seen performing Celine Dion Tribute and Jaye performs Cher Tribute and Marilyn Monroe to perfection. The Abbadabra show runs approximately as a 45 minute floorshow and can also be tailored to incorporate Benny and Bjorn on request. Using a little imagination we are able to combine an incredible night with a tribute to the "Queens of Pop" incorporating the Kylie Minogue Tribute and Tina Turner Tribute or any combination that takes your fancy. All performances include professional concert

sound / lighting and are totally interactive, designed to highlight audience participation.
