

Montuno

Montuno, an institution in Latin music in Australia has been active since the mid 1980's under the direction of Pedro Valenzuela.

Since it's beginnings the band has performed regularly in major Australian capital cities being a hit with the Latin communities and the older and new "salsa" crowds wherever they play.

The band, originally starting out as a full Latin salsa band has evolved into a three or four piece group that still gives you the full sound of a Latin band. With a stunning variety of Latin repertoire

from the stars of Latin music featuring styles such as; Salsa, Punta, Merengue, Plena, Cha-Cha, Rumba, Calypso, Conga, Latin Rock, Reggae and Mambo, there's no doubt that people will be on their feet dancing and having a great time.

In addition Montuno have carefully chosen a selection of all time classic pop, soul, latin rock and funk tunes that are instantly recognisable the world over and have the ability to deliver these in style.
