

## Pink Corduroy

Pink Corduroy is a newly created acoustic trio featuring 3 of WA's most talented and entertaining female performers. With Nat on guitar, Sherri on percussion and Kat on keys and all on lead vocals, these musicians produce a full sound that comes complete with equal vocal talents & killer 3 part harmonies.

Pink Corduroy was serendipitously formed when Cherri asked Kate & Nat to fill in for a gig. They clicked straight away - both musically and personally - and after such a successful first show, they have quickly become established

as the hottest new act around.

These three musicians have all come from very different musical backgrounds, and this is what gives this female trio its unique and refreshingly new sound.

With such diverse range of styles, Pink Corduroy's repertoire has been matched to suit, and the demand for Pink Corduroy has increased due to a successful cocktail of talent, energy & the visibly strong connection between these 3 musos.
