

## Austin - Michael Elezovich

With impersonations exact in sound - whether he's in costume and make-up performing in full character, or just throwing in a few ad-libs during a gala dinner - Michael Elezovich can not only sound, but can also 'look the part'!

His Austin Powers impersonation is arguably the finest in Australia and looks almost identical to the real Austin Powers...he even performs a floorshow with a full cast of other characters from the 'Austin' movies!
